CE MARKING

IN ACCORDANCE WITH THE EC MACHINERY DIRECTIVE 2006/42/EG

Benefit from our extensive experience in CE marking.

We offer conformance procedures in accordance with the EC Machinery Directive 2006/42/EG

- Directives and standards research for the corresponding product
- Risk analysis:
 - risk assessment according to DN EN ISO 12100
 - risk evaluation according to EN ISO 13849-1
 - definition of protective measurements including verification
- Technical documentation including manual instructions according to law
- Certificates for keeping the directives by measuring procedures
- Declaration of Conformity according to EG Directive

Our services

- CE marking of our products
- New CE-identification of existing plants in the course of modernization
- CE-procedures and advice as service

A-standards: Basic standards

B-standards: Specific basic standards

Machine-specific C-standards

CE marking in accordance with the EC Machinery Directive
